Dear Mary Susan and all,

Your puppet performance yesterday was a big hit. Thank you! I had a few people ask if you would come back next year. That's terrific! You might like to know that we counted 255 in the audience.

One special thing about your act is the three generations. There aren't many activities that can involve such a range of ages in the performance and in the audience. I think you've done a fine job of including something for everyone in the show.

You mentioned your Holiday Show. I would like to know more about it. Would your fees be the same?

Thanks again for making the trip to Emporia. I hope your lunch at Bruff's was delicious.

Most sincerely,

Sue Blechl  
Director
